

Adding Trams Scripts to the Toolbar in Galileo Desktop

Click on Options and Configure Toolbar

Click New Button at the bottom. It will create Button xx with a new number. It may not be 29 but it will be at the bottom of the screen.

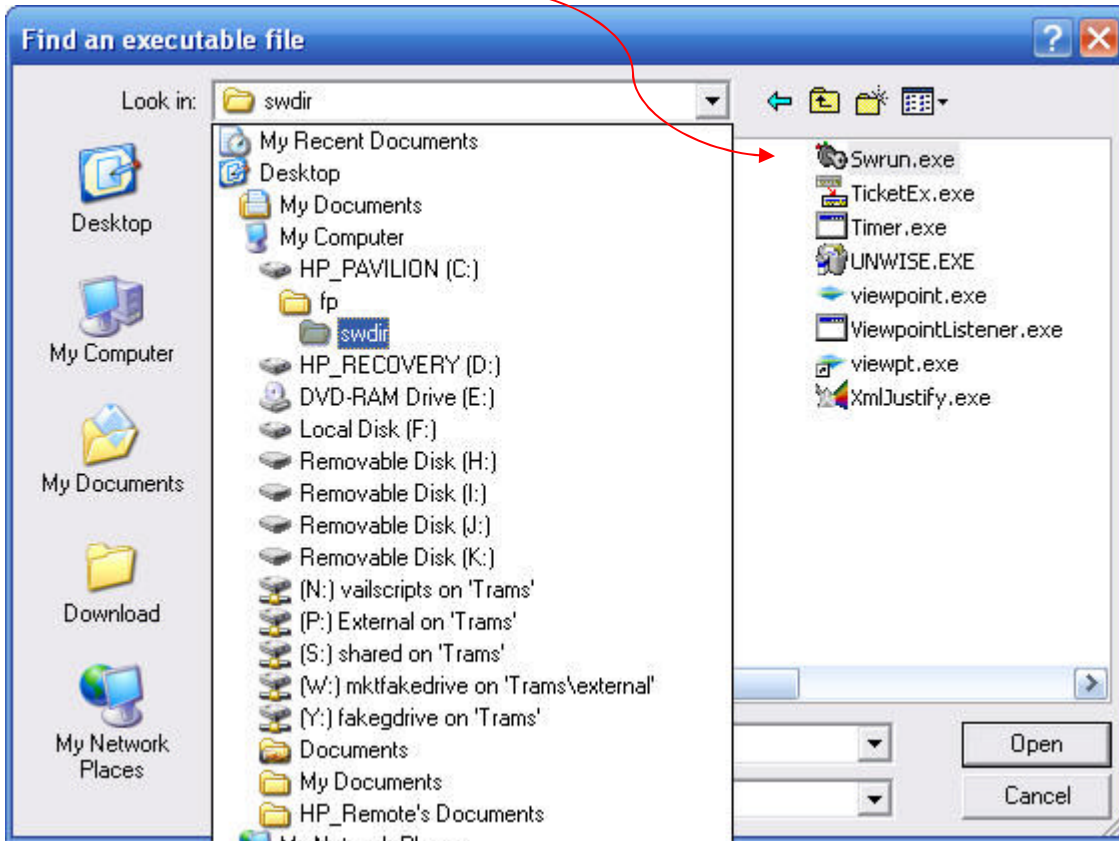

Then for the Button Image Bitmap file browse to c:\fp\datadir\swplus\bitmaps

And find the file tramsc.bmp and select it.

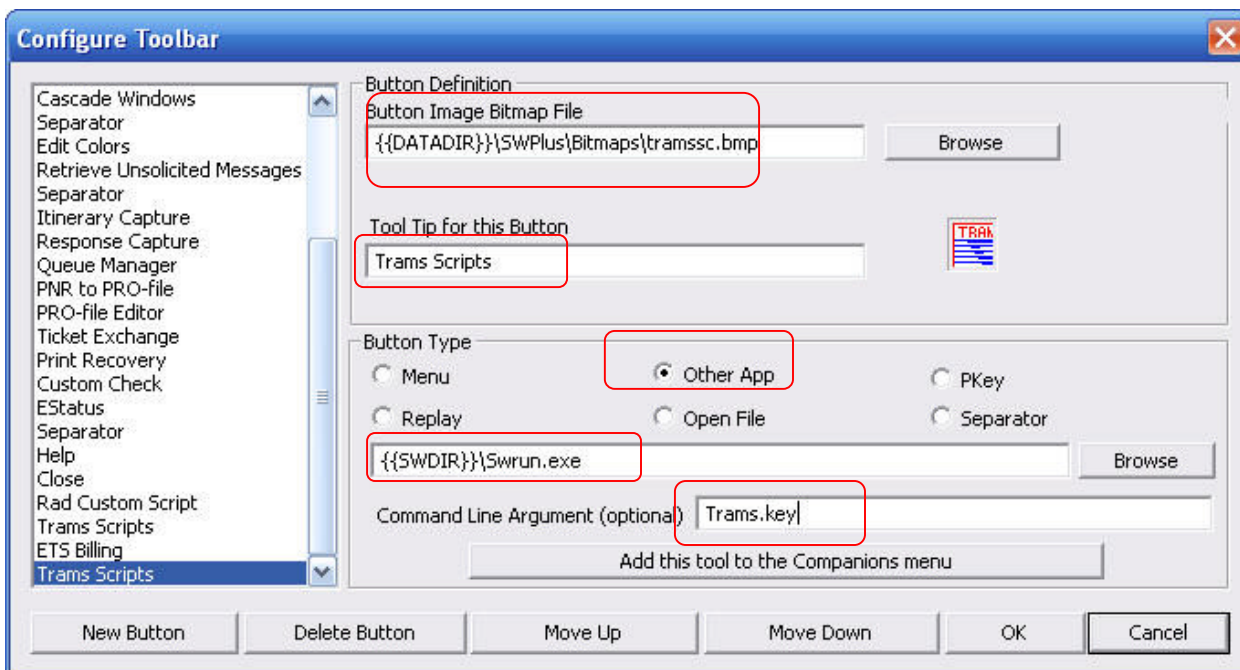

In the Tool Tip for this Button box Type Trams Scripts.

For the button type click **Other App** and then click the drop down arrow and browse to **C:\fp\swdir** and select **Swrun.exe** and click **Open**.

Then in the command Line Argument box type **Trams.key**

Then click **Ok**.

Now you will see the **Trams** icon on the **Toolbar**. Click it, and **Trams Scripts** will run.
